

We're excited to invite you to join our brand new Slack channel, [#starburst-galaxy](#)! In this channel, we'll discuss technical questions, share tips & tricks, keep you updated about events, and explore all things related to building a data ecosystem with Starburst Galaxy. We aim to create an engaging space for anyone getting started with Starburst Galaxy to share knowledge, exchange ideas, and stay connected with the experts. Whether you are a Galaxy super user, or just exploring, we believe your perspective will be a valuable addition to our data discussions.

To join the [#starburst-galaxy](#) slack channel:

1. Be a member of the Trino Slack workspace. You can join the Trino slack [here](#).
2. Follow this [link](#) and click "**Join Channel**" to start participating.

We can't wait to see you in the [#starburst-galaxy](#) channel. Feel free to invite any other colleagues or friends who might share our excitement for data, Trino, and Starburst Galaxy!
